Strategic Envisioning 2018

St Andrew's School
— for Girls —
SKILLED FOR LIFE

Holding hands for our future

uBambiswano

Vision 1

Whole Girl Development

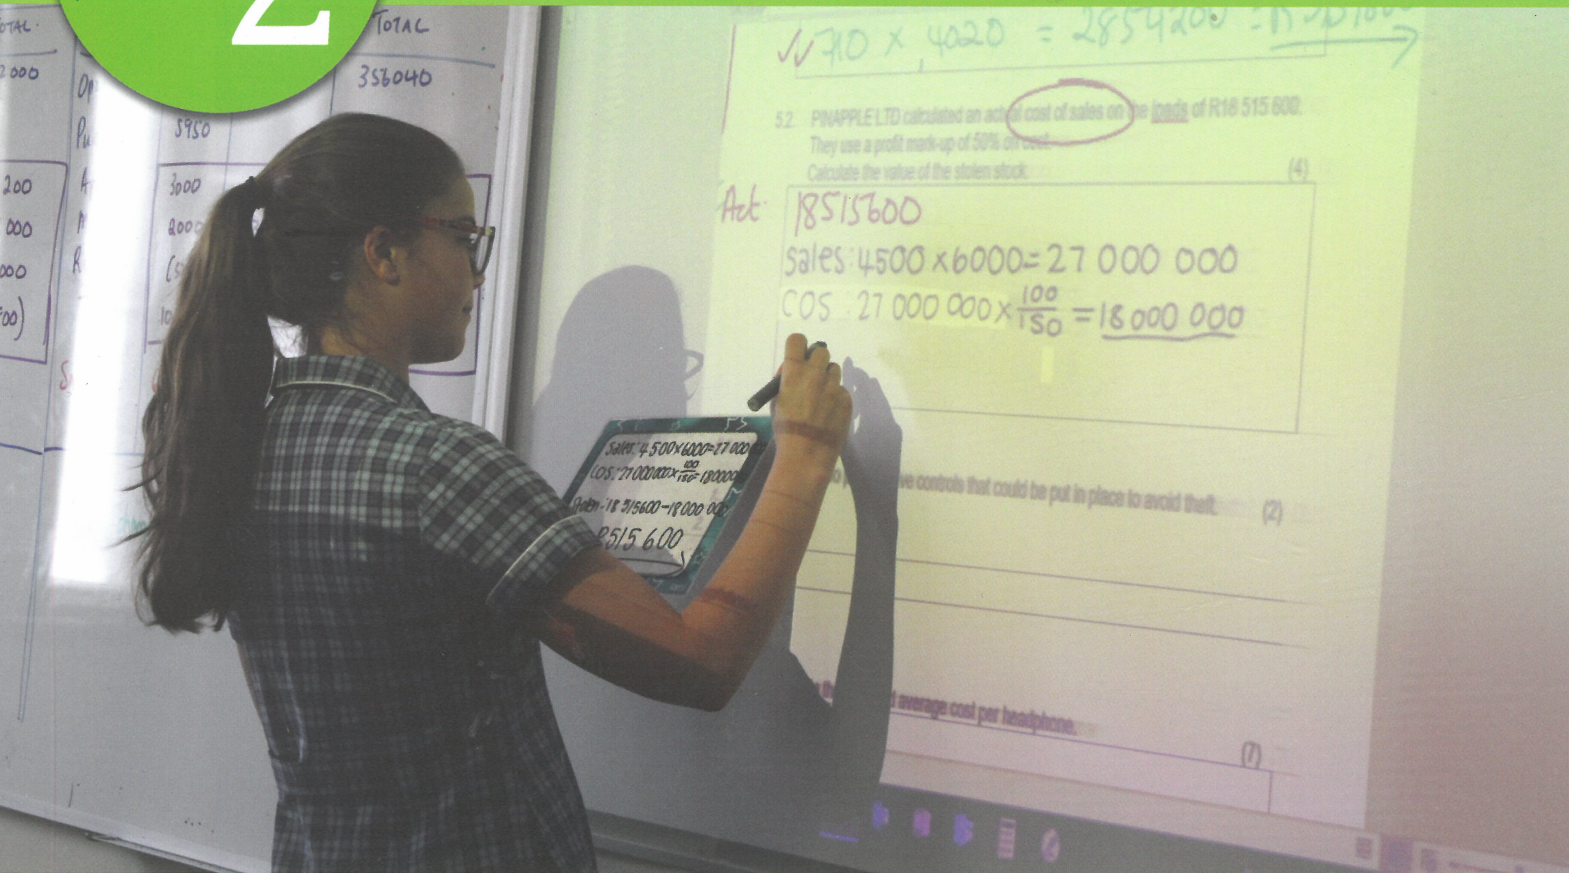

We aim to develop girls who will embrace servant leadership, who have an entrepreneurial spirit and are broad thinkers, resilient, flexible and balanced. Our goal is that our girls become authentic, self-confident women grounded in strong principles and values who use their unique gifts to positively contribute to the common good of society and who are active global citizens.

"Our children are our greatest treasure. They are our future."

- Nelson Mandela

Vision 2

Innovation in Learning and Teaching

We aim to develop a curriculum that is relevant and empowering, creating enthusiastic lifelong learners who are skilled for life and remain current in a global context. Our goal is to develop women who continually look for opportunities to develop themselves and others.

“Wisdom is not a product of learning, but of the lifelong attempt to acquire it.”

- Albert Einstein

Vision 3

Wellbeing

We aim to create an enabling environment supported by a connected community that creates positive opportunities where a healthy body, mind and soul can thrive.

"Create the kind of self that you will be happy to live with all your life."

- Golda Meir

Vision 4

Diversity, Inclusion and Cohesiveness

Diversity is recognised and embraced as richness. As a school we are on a journey of inclusion continually moving towards mutual respect, social cohesion and valuing each person's contributions as a lived philosophy.

"How wonderful is it that nobody need wait a single moment before starting to improve the world."

- Anne Frank

Vision 5 Sustainability

We aim to remain a sought after, values-driven school offering excellence in education. Our goal is to stay relevant by keeping abreast with current trends, benchmarking ourselves against best practice and securing our future through good governance and financial discipline.

"It is not about perfect, it's about effort. And when you implement that effort into your life every single day transformation happens, change occurs. Keep going and remember why you started."

- Coach Ladoucer

Vision 6

Embracing our Role in Local and Global Communities

Girls leave prepared and confident to embrace the world where they become purveyors of hope, are strong local and international contributors to society and global stewards of servant leadership, using their voices to empower and uplift others.

"I have found that among its other benefits, giving liberates the soul of the giver."

- Maya Angelou

Future Possibilities

Using the information gleaned from all our stakeholders: parents, staff, girls, Old Girls, Board, Trust, and outside organisations affiliated to St Andrew's, a workshop was held over two and a half days to distil our thinking.

Further crafting continued with staff, our Board Chair and particularly with our Combined Management Team to arrive at our six vision statements for St Andrew's, moving us forward to 2030 and beyond. Grateful thanks to all involved.

We are living in a VUCA (volatile, uncertain, complex, ambiguous) world and because we do not have 20/20 vision, please align with St Andrew's to follow this dream to prepare our girls for our future.

- Ivanka Acquisto
